

Each year in August millions of people visit Edinburgh to enjoy the Festival, Fringe and Tattoo. The city is alive with music, entertainment, fun and art!

Last year a team from CNI Network (with people from Dundee Street Chaplains, Stockton Town Pastors, Middlesbrough Street Angels, Halifax Street Angels and Share Jesus International) spent a long weekend in the city enjoying music, the shows, street theatre and chatting with people and engaging within the night-time economy.

We are aiming to offer an opportunity again this year between Saturday 10th and Saturday 17th August. The agenda is free and easy but could include: busking, making friends with street performers, linking with others at work in the city for night-time patrols, etc...

If you are interested contact Andy Burns from Dundee Street Chaplains on 07907 219761 or Paul Blakey from CNI Network on 07725 501465 / paul@sa-cni.org.uk . We have sourced room only accommodation at £15 per person per night with self-catering facilities.

We don't know where God will take us, we don't know what he will have us do, we don't know who we will meet - but we will have fun finding out!!!
