

STREET PASTORS & ANGELS

prices 2015-October 2016

Over the very wet winter of 2013/14 SURVIVA supplied Hooded Body Warmers to a large number of Street Pastor groups. We received useful feedback which resulted in us adapting our original products and introducing new ones to meet the varying needs that were identified.

We now have a number of products for you to choose from. We are delighted to have been able to keep our prices down despite the rising cost of raw materials. We have made a few minor adjustments from your feedback and hope that all of you will find these beneficial in the months to come.

Standard body warmer.

Our body warmer has additional reinforcement under the arms which makes them more durable and reusable. They are best worn between layers of clothing though if next to the skin take contact heat away five time less quickly than other foil based products.

**The body warmers are available at
£0.80 ex. VAT for 1-199 and
£0.75 ex VAT for orders of 200+
MINIMUM ORDERS OF 50 PLEASE**

Front opening body warmer.

We have opened up the front of the original body warmer and have added four tabs down the front split opening. This works much better for people who are less mobile and can be fitted without having to pull the warmer over the head. Many have found this more acceptable in trials, especially when help is being provided to inebriated individuals or older people who are less mobile.

**The front opening body warmer is available at
£0.95 ex. VAT for orders of 1-199 and
£0.90 ex.VAT for orders of 200+
MINIMUM ORDERS OF 50 PLEASE**

Small blanket.

We can now offer a small foil blanket too, measuring 1.5m x 0.85m, which is long enough to cover the body and can be held around an individual to help keep him/her warm. These are not as efficient as the body warmer and the wearer has to use one or both hands to hold the blanket close to them. It has no hood to help keep the body warm.

**Our small blanket is available at
£0.55 ex. VAT for orders of 1-199 and
£0.50 ex. VAT for orders of 200+
MINIMUM ORDER 50 PLEASE**

Poncho.

Throughout the year there were also several requests for a “poncho” type product. We believe that our new poncho fulfils this need. This is more efficient than a blanket although for maximum heat retention we would always advise using a body warmer.

The poncho is available at
£0.80 ex. VAT for 1-199 and
£0.75 ex VAT for orders of 200+
MINIMUM ORDER 50 PLEASE

SURVIVA update. Surviva has been through a period of expansion and will soon have an even wider range of products available through its online shopping service. Visit www.survivawear.com to see the range of products we produce. In particular, we have been working on producing safety wraps for NATO and we have also released a new safety product called SURVIVA SCAN. For more information on this visit the Surviva Scan website.

Please send your orders by email to me at orders@survivawear.com and provide me with the quantities of the products you require and a contact address for delivery. We will invoice you with the products, which we would like you to settle within seven days of receiving the order. A BACS payment is preferred. Our Barclay's bank details are:-
sort code: 20-84-41 Account: 23163989

If you need any more information or advice, please phone me, Alex, on 01792 414039. You can leave a voicemail message and we will get back to you. We are always happy to listen to your ideas so that we can improve the service we provide for you.

Breaking News. We have a supply of Surviva JAKS available at just £1.20 + vat. A number were discovered in our stock area. These are the original JAKS as seen on 'Dragons Den'. They are available on a first come first serve basis at only £1.20 + vat as supplies are very limited.

Kind regards

Peter Lewis
Director at SURVIVA
